SKILLS

- Unity3D
- Meta SDK & Unity XRI for VR
- C#
- Git
- OOP
- SQL
- Kubernetes
- Software engineering
- Group work

LANGUAGES

italian
Native language

English
Intermediate, B2

OVERVIEW

I am a student passionate about interactive and immersive systems, always focused on software design and implementation. During my free time I also gained 5 years of experience in game development.

WORK EXPERIENCES

Internship Software Developer

Airlapp S.R.L.S. (PD) | 04/2025 - 06/2025

- R&D in the VR field to test the limits of hand tracking. Use case study about an application for training of personnel operating industrial machinery, software design and development.

Track agent for athletics and artistic gymnastic

FIDAL Veneto, CLGT Padova | 2023 - 2025

- Equipment assemble and field setup, preparation and validation of documents for competition judges. The events were provincial, regional or national in scope.

EDUCATION AND TRAINING

University of Trento

Master's Degree in Computer Science | 09/2025 - Present

- The main field of study is HCI, with a secondary focus on machine learning and embedded systems.

University of Padua

Bachelor's Degree in Computer Science | 09/2022 - 07/2025
Grade: 110 / 110 cum lode

- The thesis project involved the development of a VR application featuring hand tracking, designed for the training of personnel operating industrial machinery.
